Essential Support

Every AED program manager wants to do everything possible to guarantee the best chance of saving a life. PlusTrac™ Essential provides the tools and guidance you need to manage your own AED program. Web-based, this interactive system is comprehensive yet simple.
Readiness Counts

The PlusTrac AED Program Management System from ZOLL enables your AED program with everything your organization needs to manage all of your AEDs online. PlusTrac makes it easy to keep your AEDs inspected, your consumables up to date, your volunteer responders trained, and all of your AEDs properly managed and ready for rescue.

Compliance Matters

PlusTrac will maintain a complete record of your Good Samaritan status and keep you in constant contact with the manufacturer of your AED, along with the many local, state, and federal agencies whose regulations may affect keeping Good Samaritan status.

Our Program, Your Guarantee

Every person in your organization who needs to have status updates on all or part of your AED program will know what they need to know, when they need to know it. Early warnings, reminders, and Good Samaritan status updates will keep everyone informed—from the general manager to the single volunteer responder. Managers can tailor PlusTrac to deliver the reports they want. PlusTrac makes it easy to manage your compliance and readiness.

Need More?

Some large AED programs with multiple units, possibly in several locations, need extra support. Do you need pre-staged products from your manufacturer delivered on a specific training date? Do you need help collecting data about AEDs already in service that are converting to PlusTrac? We can provide premium services, if needed. Ask your ZOLL representative for information about services not shown here.
