

MODERN MEDICAL SUPPLIES PAIRED WITH AN INNOVATIVE APP

Mobilize Rescue Systems™ from ZOLL® Medical are a set of interactive trauma and medical emergency kits designed to empower bystanders to help victims during unexpected medical emergencies.

200,000
CHILDREN

are sent to the emergency room annually for playground related injuries.¹

Blood loss must be stopped ASAP. Bleeding can become fatal in as little as

3-5 MINUTES²

APPROXIMATELY
10%-25%

of injuries to children occur while they are in school.³

Mobilize Rescue app: Helps untrained bystanders provide high-quality medical care by following the real-time diagnostic prompts in the interactive app. The algorithm and treatment directions are based on protocols and best practices from Tactical Emergency Casualty Care (TECC), and the American College of Surgeons.

High-quality supplies: Mobilize Rescue Systems contains modern medical supplies to treat and manage a wide range of emergencies from severe bleeding and chest trauma to seizures, allergic reactions, and more.
